Angel WOCD® Devices for Hung Windows

The ASTM F2090 establishes the installation, safety, performance, and labeling requirements for devices intended to address the risk of injury and death associated with accidental falls from windows by children five years old and younger. All Angel WOCD® devices have passed ASTM rigorous testing standards, while most restrictors haven't.

Side-Fixed

Features & Benefits

- Suitable for wood, aluminum, vinyl, and fiberglass applications
- Fitting a pair of devices complies with ASTM F2090-21
- Fixing is through the side of the sash stile and into the device
- Supplied with mini-strikeplates & fixing screws
- Available in White, Black, PVD Gold, Antique Brass, Polished Chrome, Satin Chrome and Satin Nickel
- Sold in pairs
