

## RotoFasco Secura 9100 Handle

**New Product** Roto is excited to introduce our new 9100 sliding patio door handle that combines the best of form and function with a sleek, contemporary design.

- Aesthetically-pleasing thumb turn above handle
- 13" handle length to support taller patio doors
- Only 1.2" wide in order to prevent the handle from encroaching into the glazing area of the door, which maximizes sight lines
- Matching exterior handle (keyed option)
- Compatible with a 3-cross hole drilling
- Array of powder coated color options and the satin nickel architectural finish

### 9100 SERIES HANDLES WITH MULTIPOINT LOCK

## RotoFasco Secura 9100-D Handle

**New Product** Roto is excited to introduce our new **9100-D** sliding patio door handle that combines the best of form and function with a sleek, contemporary design.

- Product line extension to the 9100 Handle
- Stable handle lever to operate large, heavy sliding patio doors
- Aesthetically-pleasing thumb turn above handle
- Contemporary design for the discriminating consumer
- Matching exterior handle (keyed option)
- Array of powder coated color options and satin nickel architectural finish
