DuoTilt Hung Window Lock System

Roto's new combination lock system allows three sash lock actions (lock, unlock, and tilt) while providing a hidden tilt latch function.

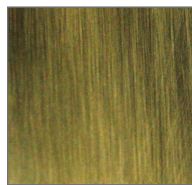

Features & Benefits

- Zinc alloy sash lock components
- Compatible with vinyl profiles
- Two sash locks are needed for all window widths
- Intuitive operation with lock and tilt latch dual actuation
- Visual sash lock markings to note window status (locked symbol, unlocked symbol, tilt)
- Tactile lever feedback indicates when the lock has changed position
- Tilt latch and connector are pre-assembled for easy installation and connection to the sash lock
- Tested internally above 10,000 cycles and internally FER tested to ASTM F588-17 up to grade 40
- Patent pending design
- Available in 8 finishes (see below)
- Passive sash locks also available in the finishes below

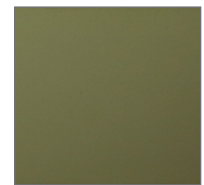

00 - G2 White

33 - Antique Brass

38 - Almond MK

42 - D9 Brass

46 - Brushed Nickel

68 - Copper

70 - Black

71 - Faux ORB
