

Roto OP08 X-DRIVE Operator

Features & Benefits

- Wider riveted die cast base, utilizing a more industry standard cutout
- Certified to AAMA 901 life cycle and corrosion testing and received the highest rating for each category
- Automated manufacturing assembly and patented laser technology assures precise and consistent quality
- Two directional fixing standard on all operators
 - Secures the operator in two places for a solid connection
 - Pulls in the operator for an optimum seal
 - Helps reduce water and air infiltration
- Line extension of the OP06 Operator which will continue to be available

Options & Accessories

- Single arm operators available in 5.5", 7.5", 9.5", and 13.5" lengths
- 304 SST and cold rolled steel options available for all operator types
- Works with X10 lockout and OP08 crank handles
- Kits offered in X10 lockout and OP08 crank handles
- Plastic covers available in several finishes
- Array of products available as options including gaskets, spacers, truss head fasteners, worm caps, and limiters

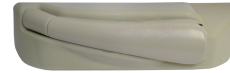

G2 White - 00

Blue White - 03

G1 White - 08

Almond - 26

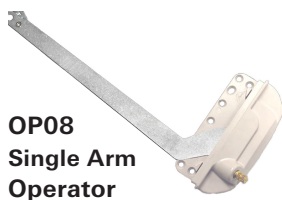

Antique Brass - 33

Brushed Nickel - 46

Faux ORB - 71

OP08 Cover Caps & Crank Handles

X10 Lockout Crank Handle
(compatible with X15, X19, and X16 cover caps)

Easy-Grip Crank Handle

Removable Cover Cap & Crank Handle

Contemporary Cover Cap & Crank Handle
