

Roto DuoTilt Hung Window Lock System

Available in two different styles, Roto's new combination lock system allows three sash lock actions (lock, unlock, and tilt) while providing a hidden tilt latch function.

Classic

Aero

Features & Benefits

- Zinc alloy sash lock components
- Compatible with vinyl profiles
- Two sash locks are needed for all window widths
- Intuitive operation with lock and tilt latch dual actuation
- Visual sash lock markings to note window status (locked symbol, unlocked symbol, tilt)
- Tactile lever feedback indicates when the lock has changed position
- Tilt latch and connector are pre-assembled for easy installation and connection to the sash lock
- Tested internally above 10,000 cycles and internally FER tested to ASTM F588-17 up to grade 40
- Patent pending design
- Available in 8 finishes (see below)
 - Passive sash locks also available in the finishes below

G2 White - 00

Antique Brass - 33

Almond MK - 38

D9 Brass - 42

Brushed Nickel - 46

Copper - 68

Black - 70

Faux ORB - 71
